

IOWA

Very Important Information

You must apply to the state for approval of your clinical site. You can download a copy of their Training Manual at the following link:

[IOWA TRAINING MANUAL](#)

Page 8 is the application. Also, any forms unique to Iowa can replace a comparable form within this course, e.g. you can use their Competency Evaluation form.

[IOWA LRT](#)

You must apply to IDPH to take the test using the forms supplied in their Limited Training Manual. We recommend completing this course in about 6 months and taking the ARRT exam within 90 days of receiving your *Control the Dose* Certificate of Completion.
